At Action Audio Logic we carry a huge variety of skins, sticks and breakables. Whatever we don't have in stock we can find them for you and fit them onto your hire kit. We pride ourselves in our kits and always deliver a high standard of usable skins. Our kits are meticulously cleaned, in tune and ready to rock. Every cymbal stand will have its brand correct felts and feet, our kick drums come with a pillow inside and our drum rugs are always cleaned.

If you don't see a kit in the list that you desire, please let us know as we have great relationships with brands and can locally source whatever you need. We honor discounts for endorsed drummers, weather it be kits, skins, sticks and electronic percussion.

We are happy to set up a kit for you, please send through a stage plot or photo of how the kit is set up and we will get it sorted.

Our kit prices reflect a basic 4 to 5 piece kit shell pack and a hardware pack, 3 x toms, 1 x snare, 1 x kick as the shell pack with 4 x booms, 1 x hats, 2 x snare, 1 x single kick, and appropriate floor tom legs and tom arms/clamps and of course a cleaned drum rug.

Please specify what skins are preferred and we will do our best to match them from our wide range of used skins, always happy to put new skins on the kit at the hirer's expense.
